HONOLULU CELEBRATES.

REMARKABLE INCIDENT AT 4TH OF JULY CELEBRATION.

E. S. Mitchell Willing Strongly Opposed to Certain Remarks Made by J. C. Cook, of Boston—Honor and Cheers—Rhetoric—Parade.

The steamer *Musgrave* arrived recently at Victoria, B. C., from Australia and Hawaii, bringing a load of interesting news. The late celebration at Honolulu on July fourth was the most remarkable incident. Joseph C. Cook, of Boston, was invited to speak, and entered upon a personal criticism of President Cleveland, charging him with misrepresenting Hawaii and Hawaiian affairs. He was interrupted by Minister Willis, who presided, and after a sharp exchange of views left the hall amid silence. His action is looked upon as indiscreet. Independence park pavilion was more than crowded for the literary exercises, scheduled for 11 o'clock, with Mr. Willis, American minister, presiding. He was preceded by Geo. W. Smith, chairman of the general committee. This was at 11:30. There was a wait for President Dole, and when he entered with Mrs. Dole, the audience came to its feet and loudly cheered. The staid official, through the courtesy of Wm. A. Irwin, and the courtesy of Mr. Irwin, allowed Joseph Cook to address the audience. In response to the minister, Mr. Willis gracefully gave utterance to patriotic sentiments and was loudly applauded. The innovation was offered in an impressive manner by Rev. P. P. Birnie, all joined in singing "America," the choir leading. In quiet complimentary terms Mr. Willis presented Mr. Joseph Cook, who was on the program for an address, "The Republics of the Tropics." He had not finished the fourth of July, he was interrupted, he congratulated all that there was no color line or slavery line here. The speaker then went into a dissertation "Southern republics, as upheld by what he called Southern principles." Coming to the Hawaiian Mr. Cook entered into an almost direct criticism of the Cleveland administration, arraigning it for "misrepresentation," and saying that he would make some corrections. How Mr. Willis protested on the ground that the occasion was not for a partisan speech. He was greeted with shouts of applause. Mr. Cook, considerably confused, asked for a halt of particulars, and declared he was not accustomed to either the rigid jacket or the loose gown. Mr. Willis, who had contradicted himself from Boston, was not heard enough for an American celebration in Hawaii. Mr. Cook said Boston had a good deal to do with achieving American independence. Mr. Willis said this was granted and that all were proud of it. The lecturer quickly concluded his address with a few remarks on annexation. He had gone to Minister Willis and Dr. McArthur, and left the hall amidst applause, clearly mad through and through. The exchange of words created tremendous excitement among those present, and when the Minister Willis, who was the one single topic of conversation. After the exercises many citizens all vied to shake the hand of the American minister. He was given an ovation. The lecture hall over half an hour. Rev. P. P. Birnie, Prof. Scott, J. McCreary, and several other prominent men, who were on the point of interrupting Mr. Cook, when Mr. Willis protested.

The oration of the day was delivered by President Dole. It was an eloquent speech, chock full of the ring of genuine Americanism. Our sentiment was "This was a grand day, a day set apart for nobler purposes than twisting the lion's tail or making the eagle sneeze. It is a national day. It is a day to keep warm in our own hearts, and to teach our children and our children's children the love of free institutions and of good government for which our fathers died."

Mr. Dole was congratulated by scores after the exercises. Fifty of the relief prisoners all natives, were pardoned on the fourth by President Dole. Some of the Englishers who were freed from these sentences were commuted as follows: The sentence of W. H. C. Greig is commuted for twenty years to fifteen years; Carl Wideman, thirty years to fifteen years; W. A. C. Greig, thirty years to twenty years; W. H. C. Greig, thirty years to twenty years. The fine of \$10,000 in each of the above cases was not commuted.

A DEFAULTER RETURNS.

D. S. Stewart, of Grand Forks Returns to Stood His Trial.

Quite a sensation was occasioned when it was rumored that D. S. Stewart had returned to Grand Forks. Such indeed was the case. The former cashier of the Great Northern who had disappeared so mysteriously, arrived by way of Crookston and caught on the train. He came here to spend the summer, and it is rumored that he was ready to stand trial, explaining that he was not guilty of embezzlement and that his shortage was entirely an account of freight bills which he had failed to collect. He was brought before Judge McLaughlin, in an afternoon and found guilty of a trial in the district court in the sum of \$500 with Wm. J. Anderson, Wm. J. Anderson, as co-defendant. He has engaged J. H. Board as his attorney and says he will have no difficulty in establishing the fact that he did not convert any of the company's money to his own use. His return was entirely voluntary and it appears a little strange that the defendant had not been able to locate him. His appearance is slightly changed by disporting with his nose, but not otherwise. After leaving Grand Forks he rode to Minneapolis and then to St. Paul, where he was met by a friend and driven to Moorhead where he took the Northern Pacific train and proceeded by rail to the southwest. The hotel near the docks at Moorhead, Minnesota, where he remained for a few days, and then went to Mobile, Alabama, and finally to Pensacola, Fla. Instead of continuing his journey from that point to South America as he had planned, with the idea of locating in Brazil and beginning life anew with the thousands of acres of land the government gives to Americans locating there. He changed his mind, and like Taylor, the South Dakota official, concluded it would be better to return and "face the music," than to remain a fugitive and voluntary exile from his native land on account of his unintentional wrong doing.

"Understand well the force of the words 'A fool who sees then a moment which flows from then, an eternity which awaits a god, whom you serve so ill; a moment, of which you so little profit; an eternity, which you heard so rashly.

CONDENSED NEWS.

Short Paragraphs For Readers of This Paper.

It does a man good to believe nothing. It does others good to have him do something.

What doth it profit a man if he gains every point in an argument and loses his best friend?

The schooner yacht *Walter*, of Ontario, arrived at Port Arthur from Ashland the other morning with a party of Americans doing the north shore.

Vital statistics prove that, taking the world over, there are 109 women to every 100 men. Out of every nine sudden deaths reported, eight of the number are men.

Serious bush fires are reported on the south shore of Manitowish Lake. It is said much timber has been destroyed, and the lumbermen suffered severely, and a heavy rain is needed.

A man named Wesley Griffin, residing near Brockville, Ont., was recently run over and killed on the railway track near Smith's Falls. His remains were found one morning scattered along the track, and must have been tossed back and forth by four trains which passed through during the night.

Thos. J. Tremaine better known as "Toronto Kid," who achieved fame by jumping successfully from Brooklyn bridge, was probably fatally injured while making a dive eighty feet into a tank at the Coliseum Gardens, Chicago. He struck against the side tank and was taken from the water unconscious with blood flowing freely from his mouth and nostrils.

The Toronto World's Montreal correspondent says he learns that at the next session of the Quebec legislature Hon. Mr. Faillon will be able to announce that the financial condition of the province is so far improved that the government will take off the obnoxious business tax that was levied of necessity, when the present emergency came into power in order to meet the indebtedness created by the Mercier regime.

John W. McKay, the millionaire, E. Matthews, of Philadelphia, and C. E. Homer, manager of the C. P. R. telegraph, left Montreal a few days ago for British Columbia by private car. They will be away about six weeks and will make a trip to Alaska, sailing from Vancouver on July 27. Mr. McKay arrived at Montreal a few days ago and was the guest of Sir William Van Horne.

Francis O'Brien, private of No. 1 company, Royal Regiment of Canadian Infantry, killed at Wolsey barracks, London, Ont., the other morning by shooting himself through the head with a rifle. He placed the muzzle in his mouth and pulled the trigger with his right hand. He was thirty-seven years old and came to Canada six years ago from Gloucestershire, England, where was in the regular army. A prolonged spree led to the deed. He was formerly a non-commissioned officer, but was reduced for drunkenness.

STEAMER MEXICO WRECKED.

She Carried a General Cargo of Live Stock and Produce.

The steamship *Assaye* passed Father Point, Que., the other day with part of the crew of the wrecked steamship *Mexico* on board. Private dispatches received at Montreal state that the *Mexico*, bound from Montreal to Bristol with a general cargo of live stock and produce, went ashore on Belle Isle, at the extreme north of Newfoundland on July 7 at 3 p.m., during a dense fog. Her bow is high up on the rocks and her stern ten feet under water. Capt. Baily and eight men remain beside the wreck, and the remainder of the crew taking passage on the inward bound steamer *Assaye*, which brought the first tidings of the disaster. The *Mexico* is in a very exposed position and will probably prove a total wreck. Before her departure from Montreal, the *Mexico* was fitted up by the Dominion government with cold storage apartments as an experiment of shipment of produce to England.

From the marine underwriters it is learned that the cargo of the *Mexico* comprised principally of cattle, sheep, cheese, flour, wheat and lumber, is valued at over \$200,000.

The steamer, owned by the Elder Dempster company, of London, is valued at \$1,000, making its total loss about half a million. All the losses are fully covered by insurance.

In addition to the facts already given, the crew report that some twenty of the cattle swam ashore to the rocks, but died there for the want of food. What portion of the cargo was not swallowed up by the sea, was, however, gobbled up by the fishmen who came to the wreck in large numbers and carried off everything portable they could lay hands on. This is not the first complaint of piracy made against the fishmen in that desolate part of the world.

A STEAMER BURNED.

The Handsome Steamer *Cibola* Burned to the Water's Edge.

The steamer *Cibola*, lying between Toronto and Cobourg, was totally destroyed by fire the other day. The *Cibola* has for many years been Toronto's most popular excursion boat.

The engine room of the *Cibola* was caught in the engine room and burned to death. The hotel near the docks at Cobourg, Ontario, was burned to the ground.

It is supposed that the flames originated in the engine room of the steamer. When discovered they had obtained such a grip that the villagers were powerless to extinguish them. When the fire threatened the destruction of the town the *Cibola* was cut loose and allowed to drift down the river, affording a beautiful spectacle of a ship of state until it was burned to the water's edge. The dock and American hotel and barns, owned by R. C. Corbett, were utterly destroyed and the flames badly damaged the Angler's Retreat and a portion of the plant of the new George Electric railway. The total loss outside of the steamer is not more than \$20,000. The steamer was valued at over \$200,000, and ran between Toronto and Niagara.

The death to Wm. Hammell, third engineer, was witnessed by many. He was hewn in by flames and his pitiful cries

for help, moved John Wilson, one of the crew, to follow the burning *Cibola* in a boat, shouting to Hammell to jump into the water, but he was too much dazed by the awful situation to do so. He was burned to an unrecognizable mass. The body was recovered and an inquest held. He was a bachelor, thirty years old, and lived in Toronto. A. J. Woodward, second engineer was badly burned about the face and neck but will recover. Chief Engineer Welch was burned about the legs, not seriously. First mate, John McKewen assisting at pumps, was somewhat burned. The crew of forty lost all their effects, manager Foy, of the steamship line, says the boat was worth \$225,000, and was half insured. The fire was caused by an explosion of gas emanating in the coal bunkers.

A NEW INNOVATION.

Smoking Concert and Religious Society.

The experiment of making tobacco an ally of religion promises success in the estimation of those who have undertaken it. The invitation to partake of a free smoke at Christ church chapel in the east end of London last Sunday was responded to by more than two hundred men, who are the poorest of the poor. A few came smoking. Others carried their pipe in their mouths with the bowl inverted to denote emptiness. The gentleman who was to conduct the service, and who himself blew a cloud from a briar root, commenced to distribute the tobacco, and it was done economically. The supply was in the estimation of those who have undertaken it. NOTICE.
A MEETING OF THE SOUTH OF
QU'APPELLE LOCAL COUNCIL OF THE
PROGRESSIVE PARTY, will be held at
the Qu'Appelle Hotel, on Saturday, July 24, at
8 o'clock, for the purpose of electing
a delegate to the Provincial Convention
to be held at Regina, on August 2nd.
A. D. DICKSON, Secy.

Qu'Appelle Weather.

Day	Temperature	Wind	Clouds
Wednesday, July 17	73	W	5
Thursday, July 18	75	W	5
Friday, July 19	80	W	5
Saturday, July 20	84	W	5
Sunday, July 21	86	W	5
Monday, July 22	71	W	5
Tuesday, July 23	65	W	5

Local and General

The C. P. R. pay car passed west on Tuesday night.

Mr. A. Davidson, Indian Head, was in town on Monday.

Mr. J. Rodgers, homestead inspector, was in town on Monday.

Mrs. H. Akford, Prince Albert, is in town on a visit to Mr. and Mrs. Warner.

Bro. Kennedy of the Violette, Fort Qu'Appelle, paid us a pleasant visit Saturday.

Mrs. James Smith and family arrived home from the east on Wednesday morning.

The weed inspectors appointed by the council are on the warpath, and are doing excellent work.

A fire at Lettbridge on the 17th, destroyed the Alberta Railway and Coal company's round house.

Mr. J. Wilson is we are glad to say, rapidly gaining strength, and will, we hope, soon be around again.

Another three weeks of the nice warm weather which we are now enjoying will be the commencement of harvest.

Mr. MacGee, saddler, has very much improved the appearance of his establishment by having a coat of plaster administered.

Messrs. Scott & Johnston have commenced the shipment of cattle, consequently things are beginning to look a little bit better.

The attention of the Minister of Public Works for Qu'Appelle, is called to a dangerous hole in the sewer opposite this office.

Mr. V. E. B. Abbott of Pilot Butte, is in town renewing acquaintances. He reports crops looking magnificent in his locality.

Mr. Molynex St. John has relinquished editorial charge of the Winnipeg Free Press, which he has held for the past two years.

Miss Ada and Miss Annie Bestwick, the former from Winnipeg and the latter from Medicine Hat, are in town renewing acquaintances.

Messrs. Kingdon & Co., of Selkirk have arranged to ship ten cars of Moose Jaw clay to their factory for manufacturing purposes. A number of teams have been engaged to haul it in and the first car was loaded Thursday. We expect

to hear a good account of this clay and wish the manufacturers every success in their venture. Thus the many resources of the Moose Jaw District are being gradually developed.—Moose Jaw Times.

Notices are out calling the annual meeting of the Eastern Assiniboia Central Conservative Association for Aug. 2, at Regina.

Mr. and Mrs. A. E. Isdale of Fort Qu'Appelle, who have been taking in the sights at the Winnipeg Exhibition, returned by Tuesday morning's train.

Mr. G. S. Davidson has received an appointment with the Messrs. Harris & Co., and his familiar avocations will be missed from our streets.

Kate and Lottie correspondents received too late this week for publication. Your copy must be in not later than Tuesday, gentlemen.

We have just received a new price list from J. McMillan & Co., Inc., 200 212 First Ave. North, Minneapolis, Minn., the largest and best for dealers in the Northwest, and it can be referred to at any time.

Mr. H. C. Taylor, representing Yards & Co., paid here. Winnipeg, who has been engaged in writing up the town and country during the past few days, reports crops as looking fine throughout Manitoba and the Territories.

At the annual Christian Endeavor Convention at Boston last week the Friday morning service was made interesting by the presentation of the Moose Jaw Times, one of the greatest and best in the number of societies, and the other for the greatest proportionate gain. The latter was by the union of Assiniboia, N.W.T., Dominion of Canada. R. V. Dr. Andrews received the honor for the union. The total gain was made by Pennsylvania.—Moose Jaw Times.

The people of Manitoba will be pleased to hear that the Rev. H. Cartwright, formerly of Qu'Appelle, well known in Manitoba, has been appointed Fellow of St. Augustine's college of Canterbury, England. St. Augustine's college is the head of the Anglican church in Canada, and has been established for nearly half a century. The college has sent out large numbers of clergy for missionary work in all its branches, including, besides various handicrafts, surgery, medicine, etc., so that the clergy can be of some use outside of his varied calling. The appointment has given much satisfaction in England, and doubtless will be received with feelings of gladness from his old friends in Canada.—Free Press.

Hotels.
